From the desk of Vice-Chancellor

Everything seems impossible until it's done! And amusingly, when it is done, we do become an upgraded version of our old beings, that is, "Solid & Experienced"!

Glancing at the activities and events of SKNAU in the first quarter also fills me with the similar notion of learning and growing beyond our preconceived ceiling. In fact, each month of this quarter spells out a significant dimension of our rigorous efforts, making this whole quarter an unprecedented experience. I feel delighted to share the goals accomplished and laurels earned in pursuit of excellence by SKNAU in this span.

In the first month, we solemnized the fourth convocation under the esteemed Chairmanship of Hon'ble Governor, Rajasthan and Chancellor, SKNAU, Sh. Kalraj Mishra, Special Guest Sh. Lalchand Kataria, Hon'ble Agriculture Minister, Rajasthan and Convocation Guest Prof. Ramesh Chand, Member, NITI Aayog, Govt. of India. We had the honour to confer "honoris causa" D. Sc. Degree to Dr. Trilochan Mohapatra, DG and Secretary, ICAR, New Delhi during the event. In the glittering function, 8 meritorious students were conferred with Gold Medal and 891 students were awarded UG, PG and PhD degrees.

In the month of February, two 21-days ICAR sponsored winter schools were successfully conducted by Department of Pathology and Department of Horticulture, SKNCOA, Jobner. In the same month, we had the opportunity to welcome Dr. R. S. Paroda, Chairman TAAS, Dr. A. K. Singh, DDG (Extension) and Dr. R. C. Aggarwal, DDG (Education) in our University premises and showcase them our field trails, virtual classroom arrangements etc.

March was another exhilarating month for SKNAU in reaching all its mandates from research till extension. A four days International Conference on "Plant Pathology: Retrospect and Prospects" was effectively organized by SKNAU in collaboration with Indian Phyto-pathological Society, New Delhi, which brought six hundred scientists/academicians from different countries to a single platform, at SKNAU. The presence of Hon'ble Governor, Rajasthan and Chancellor, SKNAU, Sh. Kalraj Mishra, Dr. C. D. Mayee, Former Chairman, ASRB (ICAR) and Agriculture Commissioner Govt. of India and Dr. B.L. Jalani, former DOR, CCSHAU, Hisar in the conference made the event even more elegant.

Adding more strength to the ever hectic March month, SKNAU organized three days "Agri Expo-2022" in the auspicious presence of Shri Ashok Gehlot, Hon'ble Chief Minister, GoR as the Chief Guest. At the outset, Hon'ble CM inaugurated our newly constructed buildings, water harvesting structures and research laboratories of the constituent units. The inaugural dais of the expo was decorated with Special Guest Sh. Lal Chand Kataria, Hon'ble Minister of Agriculture, Animal Husbandry and Fisheries, Sh. Mahadev Singh Khandela, Chairman, Kisan Aayog, and Hon'ble MLAs Sh. Babu Lal Nagar, Sh. Khiladi Lal Bairwa, Sh. Deep Chand Khairiya, Sh. Alok Beniwal, Sh. Suresh Modi and Sh. Ram Singh Rao, Chairman, Vanshavali Saranskhan evam Samvardhan Academy. This expo gave an opportunity to 9500 farmers, 100 exhibitors and whole SKNAU family to have a straight interaction with Sh. Ashok Gehlot, Hon'ble CM and Sh. Lal Chand Kataria, Hon'ble Agriculture Minister, GOR. Thus the quarter ended with a full bang. I wish to congratulate our diligent SKNAU team, whose efforts made these humongous tasks look so easy over the last three months.

Now as we are set to enter to the new fiscal year, we know the new challenges will come, but so will the new opportunities. As it is said "Smooth seas do not make skillful Sailors", we will come strong together and sail through these new challenges and opportunities.

Best Wishes

(Prof. J. S. Sandhu)

Message

It gives me immense pleasure to present this year's first issue of our quarterly newsletter "SKNAU: News & Views". Directorate of Extension Education, SKNAU, Jobner has been actively engaged in disseminating University research findings and technologies to its stakeholders. With your best wishes we were able to organize a Three Days Agri-Expo 2022, in March 2022 at our University. This expo was inaugurated in the luminous presence of Sh. Ashok Gehlot, Hon'ble CM, GoR. It was an attempt to bring all the farmers, technology distributors, innovators, researchers and experts together, so that they could mutually learn the present day requirements and available opportunities & challenges.

I would like to pay my sincere sense of gratitude to Hon'ble Vice Chancellor of the University, Prof. J. S. Sandhu for his marvelous support and guidance for publication of this newsletter. I want to congratulate the members of Editorial Board, who vested their sincere efforts in structuring this issue in such a beautiful manner.
