### 1. Evaluation Criteria

| Clause No. | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.         | <b>Scope</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 1.1        | <b>Local handling and inland transportation:-</b> The cost for Inland Transportation, Insurance, related services, installation, commissioning, demonstration and other incidental costs for delivery of goods from the EXW premises, or port of entry, or supply point to consignee site as defined in Section V, schedule of supply shall be quoted in price schedule.                                                                                                                                       |
| 1.2        | <b>Minor omission and missing items:-</b> Pursuant to the relevant clauses, the cost of all quantifiable non-material non-conformities or omissions from the contractual and commercial conditions shall be evaluated. The procuring entity will make its own assessment of the cost of any non-material non-conformities and omissions for the purpose of ensuring fare comparison of Bids.                                                                                                                   |
| 2.         | <b>Technical Criteria:-</b> The minimum technical level that the goods and related services shall have in order to comply with the Section V, schedule of supply are specified. These criteria are evaluated on a pass-fail system, with a minimum acceptable level for each criteria enumerated in technical specifications of item. However, a minor deficiency in technical compliance may not be cause for rejection of the Bid.                                                                           |
| 3.         | <b>Economic Criteria:-</b> The economic criteria are most important when evaluating a Bid. The price, however, may not be the only criterion, as there could be technical evaluation that may be expressed in mandatory terms i.e. cost per test etc. The following may be examples: - 3.1, 3.2..                                                                                                                                                                                                              |
| 3.1        | <b>Adjustment for deviations in the delivery and completion schedule:-</b> The deviation from the delivery and completion schedule specified in Section V, schedule of supply are permitted. No credit will be given for earlier completion.                                                                                                                                                                                                                                                                   |
| 3.2        | <b>Spare parts:-</b> Only those spare parts and tools which are specified on an item wise basis in the list of goods and related services Section V, schedule of supply shall be taken in account in Bid evaluation. Supplier recommended spare parts for specified operating requirement shall not be considered in Bid evaluation.                                                                                                                                                                           |
| 3.3        | <b>Performance and productivity of goods:-</b> The Performance and productivity of the goods viz., Poly house/agriculture implements etc. shall be as per the reference value or norms specified in technical specification of an item and corresponding value warranty by the Bidder in its Bid.                                                                                                                                                                                                              |
| 4.         | <b>Price and /or purchase preference:-</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

| 2.1.1      | Supply order will be placed through registered post/e-mail/any communication medium by <b>the DEAN, SKNCOA, Jobner -303329</b> .The date of dispatch of letter or communication date will be treated as the date of order for calculating the period of execution of order. The successful bidder will execute the orders within a delivery period of 45 days or as specified in the supply order.                                                                                                                                            |
| 2.1.2      | In case of imported items, 45 days will be given in addition to above mentioned period.                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| 2.1.3      | The successful bidder acknowledges receipt of orders within 7 days from the date of dispatch of order, failing which the procuring entity may be at liberty to initiate action to purchase the items on risk & cost purchase provision.                                                                                                                                                                                                                                                                                                       |
| 2.1.4      | The consignee for supplies shall be the <b>DEAN, SKNCOA, Jobner – 303329</b> or their equivalent or should as mentioned in supply order.                                                                                                                                                                                                                                                                                                                                                                                                      |
| 2.1.5      | The ready stock position of the item, if provided by the firm, may be considered by the University.                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 2.1.6      | It may be noted that the University does not undertake to assist in the procurement of raw material, whether imported or controlled or restricted, and as such the bidders must offer their rates to supply the specific items from own quota of raw material stock by visualizing the prospect of availability and requirement. Any of the above points if taken, as argument for non-supply/delayed supply will not be entertained.                                                                                                         |
| 2.1.7      | The quantities indicated in the Table-1 are mere estimates and are intended to give an idea to the prospective bidder. The figures indicated do not constitute any commitment on the part of University to purchase any of the articles and the quantities shown therein against each or in any quantity whatsoever and no objection against the quantity of the indent of approved item being more or less than the indicative quantity will be entertained and shall not be acceptable as a ground for non-supply of the quantity indented. |

| 2.5.4      | All bills/invoices should be raised in triplicate and in the case of Excisable items; the bills should be drawn as per Central Excise Rules in the name of the authority concerned.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 2.5.5      | If at any time during the period of contract, the price of bid items is reduced or brought down by any law or Act of the Central or State Government or by the bidder himself, the bidder shall be bound to inform the <b>DEAN, SKNCOA, Jobner -303329</b> immediately about it. Purchasing authority shall be empowered to unilaterally effect such reduction as is necessary in rates in case the bidder fails to notify or fails to agree for such reduction of rates.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| 2.5.6      | In case of any enhancement in Excise Duty due to notification of the Government after the date of submission of bids and during the bid period, the quantum of additional excise duty so levied will be allowed to be charged extra as a separate item without any change in the basic price structure of the items approved under the bid. For claiming the additional cost on account of the increase in Excise Duty, the bidder should produce a letter from the concerned Excise authorities for having paid additional Excise Duty on the goods supplied to ordering authority and also must claim the same in the invoice separately. Similarly, if there is any reduction in the rate of excise duty of items, as notified by the Government, after the date of submission of bid, the quantum of the price to the extent of reduction of excise duty of items will be deducted without any change in the basic price structure of the items approved under the bidder. |
| 2.5.7      | In case of successful bidder has been enjoying excise duty exemption on any criteria, such bidder will not be allowed to claim excise duty at later point of time during the tenure of contract, if the excise duty become chargeable on goods manufactured due to any reason.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| 2.6.3 | If the supplier requires an extension of time in completion of contractual supply on account of occurrence of any hindrances, he shall apply in writing to the <b>DEAN, SKNCOA, Jobner -303329</b> for the same immediately on occurrence of the hindrances of the <b>DEAN, SKNCOA, Jobner -303329</b> but not after the stipulated date of completion of supply. The firms shall ensure extension of delivery period for delayed supplies. The payment shall only be released by purchase officer after sanction of extension in delivery period.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 2.6.4 | Delivery period may be extended with or without liquidated damages. If the delay in the supply of goods is on account of force majeure i.e., which is beyond the control of the bidder, the extension in delivery period may be granted without Liquidated Damage.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 2.6.5 | <p>If the bidder is unable to complete the supply within the specified or extended period, the purchasing officer shall be entitled to purchase the goods or any part thereof from elsewhere without notice to the bidder on his (i.e., bidders) account at his cost and risk, with the prior approved from the <b>DEAN, SKNCOA, Jobner -303329</b>. The bidder shall be liable to pay any loss or damage which the purchasing officer may sustain by reasons of such failure on the part of the bidder.</p> <p>The bidder shall not be entitled to any gain on such purchases made against default. The recovery of such loss or damage shall be made from any sums accruing to the bidder under this or any other contract with the University/government. If recovery is not possible from the bill and the bidder fails to pay the loss or damage within one month of the demand, the recovery of such amount or sum due from the bidder shall be made under the Rajasthan Public Demand Recovery Act, 1952 or any other law for the time being in force. In case supplier fails to deliver ordered goods, the risk purchases may be made at market rate from any other firm. It is mandatory for the approved supplier to acknowledge receipt of orders within seven days from the date of dispatch of order, failing which the procuring entity will be at liberty to initiate action to purchase the items on risk purchase provision at the expiry of the prescribed supply period.</p> |

| 2.7.1 | Recoveries of liquidated damages, short supplies, breakage, rejected articles shall ordinarily be made from bills. Such amount may also be recovered from any other untied dues & security deposits available with the University. In case recovery is not possible, recourse will be taken under Rajasthan PDR Act or any other law in force.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| 2.7.2 | Any recovery on account of L.D. charges/risk & cost charges in respect of previous rate contracts/supply orders placed on them by the University can also be recovered from any sum accrued against this bid after accounting for untied sum or due payment lying with University against previous rate contracts/supply orders. Firm shall submit details of pending amount lying with University but decision of the <b>DEAN, SKNCOA, Jobner-303329</b> regarding authenticity of sum payable shall be final.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| 1.     | Atomic Absorption Spectrophotometer | <ul style="list-style-type: none"><li>• <b>Optics:</b> Fully automated, True double beam PC controlled Atomic Absorption Spectrophotometer system with absorption and emission capability with deuterium background correction. Atomic Absorption Spectrophotometer should consist of Flame and Graphite Furnace.</li><li>• <b>Lamp Turret:</b> Eight positioned automatic lamp turret with automatic selection of lamp with pre-warm up facility for next lamp.</li><li>• <b>Hollow Cathode Lamps:</b> Single Element Hollow cathode lamps of calcium, magnesium, potassium, Iron, Zinc, manganese, Copper, Boron, Molybdenum, Cadmium, Chromium, lead, Nickel.</li><li>• <b>Monochromator:</b> Czerny Turner or equivalent design with motorized drive for automatic wavelength selection and peaking.</li><li>• <b>Wavelength range:</b> 185-910 nm or better</li><li>• <b>Focal Length:</b> 254 nm or better</li><li>• <b>Spectral Bandwidths:</b> System must have user selectable automatic variable slit widths ranging from 0.1 to 2.0 nm</li><li>• <b>Sample Introduction System:</b> High-Sensitivity corrosion-resistant Nebulizer should be there with system. The introduction system must be equipped with a high-strength inert mixing chamber, angled to ensure proper drainage. The system should be provided with Air- Acetylene Titanium Burner Head. The flame shield should be polymer-coated for resistance to corrosion from acidic fumes from the environment or from the samples. The sampling compartment should be extremely spacious to allow easy access to change burner heads or nebulizers.</li><li>• <b>Safety parameter:</b> Gas control system of an instrument must have maximum safety features like Automatic gas leak check, Prevention of wrong burner head use, Gas Pressure monitor, drain tank level monitor, automatic flame extinction upon power outage, Overcurrent protection, etc. so as to have complete safe operation for user and lab.</li><li>• <b>Detection Limit for Flame atomizer:</b><br/>Detection limit: Copper measured by flame method: <math>\leq 0.002 \mu\text{g/mL}</math>,<br/>Repeatability: <math>\text{RSD} \leq 0.25\%</math>;</li><li>• <b>Detection Limit for Graphite atomizer</b><br/>Detection limit: <math>\leq 0.3 \text{ pg}</math><br/>Repeatability: <math>\text{RSD} \leq 1.5\%</math>;</li><li>• <b>Background Correction:</b> Deuterium lamp background correction for both flame and graphite, should be able to correct 1A background, correction capability greater than or equal to 70 times</li><li>• <b>Position Adjustment:</b> Automatic changeover for integrated flame and graphite system using software. Automatic setting of optimum height of flame burner, software-controlled Burner movement both vertical and horizontal. (Rotation Type burner is not acceptable)</li><li>• <b>Graphite heating temperature control range:</b> Heating temperature control range: room temperature -2800°C; heating rate 2800°C/s or better.</li><li>• <b>Software:</b> Latest window based operating software. Software should handle instrument linear absorbance reading, concentration, or emission intensity, integration time and calibration failure. Complete Instrument should be calibrated/validated by vendor/supplier.</li><li>• <b>Autosampler:</b> An autosampler with 105 or more positions must be quoted for graphite.</li><li>• <b>Safety functions (Interlocks):</b> Burner identifications, Flame sensor, Gas leak sensor, Low gas pressure sensor, Drain Trap Sensor, Power Loss protection, Circulation water (graphite), Over Temperature Sensor (graphite)</li><li>• <b>Accessories</b><br/>Argon cylinder-Purity grade 5, 47 Ltr- 1 No.<br/>Acetylene- Purity grade 5, 40 Ltr. -1 No.</li></ul> |

In case of BIS Items, inspection shall be strictly as per relevant BIS specifications with latest amendments and have been made applicable by B.I.S. at the time of inspection. The inspection and testing of the material may be got done by any Inspecting Agency/Committee of experts at the works of the Manufacturer or at site of installation. The supplier shall provide all facilities for inspection/testing free of cost.</p> <p>(ii) Notwithstanding the fact that the authorized inspecting agency had inspected and/or has approved the stores/articles, the procurement officer or his authorized Expert /Associate Professor/Comptroller or his/her nominee, may inspect the item/material as soon as it is received in the stores to ensure that the supply is in accordance with the specifications laid down in contract.</p> <p>(iii) In case of doubts in inspection/ test, same may be got inspected or tested in any laboratory. If the material is not found as per specifications or defective, consignee will not accept the material and shall inform the <b>DEAN, SKNCOA, Jobner-303329</b> within 3 days. Consignee may also simultaneously ask the firm for removal of defect/replacement. The firm shall be bound to remove the defect or replace the defective equipment/item within 15 days of receipt of intimation from the consignee. However, the date of delivery, in case of defective item shall be taken as the date on which the University accepts the item after replacement of defective material/removal of defects as the case may be. Wherever defective item is replaced, the inspection/testing charges, if any, shall be borne by the supplier.</p> <p>(iv) If required, the consignee may refer inspection committee to match the specification with available reserved sample with the University which is submitted by the firm/supplier at the time of technical approval.</p> <p>(v) In case of imported item, the supplier shall ensure that the item shall be inspected by the third party Inspection Agency before dispatched to the consignee. In case any un-inspected</p> |
